FUNERAL DIRECTOR: IMPORTANT

Certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death was: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased as D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR<br><b>MORTUARY SERVICE - BCD</b>                                                                 |

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                                                                                                                       |                             |                                                                                                                                                             |                                    | REG. 11-23-71 M. A.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

**FUNERAL DIRECTOR: IMPORTANT**

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

Letter from M.E.'s office 11-17-71 M.H.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                                                                |  |                                                                                                           |                                                                                                                                                                                                  | 71 10463                                                                 |                                                                                                                                                             |

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

THE UNIVERSITY OF

THE STATE OF

NEW YORK

IN SENATE

JANUARY 1, 1901

REPORT

OF THE

COMMISSIONER

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

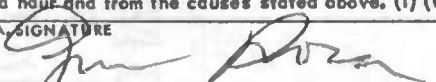

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT  
THE MEDICAL EXAMINER'S OFFICE

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                                  |                      |                                                                                                                                                             |  | 71 10474                                                                                                                                                    |                                       | REG. # FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                         |                                                                                                                                                             |                                                                                                                                                                                                           | REG. ## FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

| BALTIMORE CITY HEALTH DEPARTMENT                                                                                                                                                                                                                                                                                                                           |                              |                                                                                                                                                                                                        |                                           | REG. # FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.

# FUNERAL DIRECTOR: IMPORTANT

This certificate must be approved by the chief medical examiner or his assistant if death occurred in a hospital and the body was released to the hospital by a medical examiner. Also, if the direct or contributing cause of death shows: (1) An accident of any nature; (2) Body burns; (3) A fracture of any kind; (4) Undetermined cause; (5) Deceased was D.O.A. at a hospital (except where the physician who pronounced death was in regular attendance on the deceased prior to death); and (6) No physician was in regular attendance on the deceased prior to death. Such written approval must be obtained before the remains are embalmed or final disposition is made.
